## ABOUT LLOYD

Lloyd is an experienced CTA qualified tax practitioner, with a 1st class degree in Geography and Environmental Management. He has gained a wealth of experience from working on hundreds of R&D claims nationally across a diverse range of sectors.

Starting his R&D career, Lloyd spent nearly 3 years at ForrestBrown before moving to PKF Francis Clark and subsequently MSC R&D in 2021.

He became CTA qualified at Francis Clark where he worked within the tax advisory practice in various specialisms such as Group Reorganisations, Share scheme valuations, Patent Box and R&D Tax Relief.

Specialising in R&D Tax for fast growth innovative businesses has allowed Lloyd to focus his skillset on helping clients make the most of the tax reliefs available to them. His strengths include building strong client relationships, getting to know them and their businesses and working with them to ensure the process is as efficient and smooth as possible. Leaving them to get on with what they do best.
