## ABOUT VIRALI

Virali is an ACA qualified Chartered Accountant specialising in Research & Development (R&D) tax relief. She has experience working with many business sectors, including Engineering, Software Development, Manufacturing, and Pharmaceuticals.

After graduating with a Bachelor's in Accounting and Finance, Virali began her career at ForrestBrown as an R&D Tax Associate before moving into their Quality Assurance team. She became ACA qualified at an accountancy firm where she was responsible for the R&D department whilst gaining experience in a range of tax specialisms such as Capital Allowances, Share Scheme Valuations, and R&D Tax Relief.

Prior to joining MSC, Virali was responsible for training and managing new joiners through a Learning and Development programme. Virali's passion for excellence is reflected by a high-quality, personalised service to all clients at MSC which enables her to maximise value whilst maintaining compliance with the R&D regime.
